<b>Approved by:</b> STR Board of Directors <b>Date:</b> November 6, 2009	<b>Distribution:</b>

This Audit Committee Charter was adopted by the Board of Directors (the “Board”) of STR Holdings, Inc. (the “Company”) on November 6, 2009 and amended on August 16, 2011, August 9, 2013 and June 19, 2015.

This Charter is intended as a component of the flexible governance framework within which the Board, assisted by its committees, directs the affairs of the Company. While it should be interpreted in the context of all applicable laws, regulations and listing requirements, as well as in the context of the Company’s Certificate of Incorporation and Bylaws, it is not intended to establish by its own force any legally binding obligations.

### I. Purposes

The Audit Committee (the “Committee”), in order to assist the Board in fulfilling its responsibilities, shall oversee: (i) management’s conduct of, and the integrity of, the Company’s financial reporting; (ii) the Company’s systems of internal control over financial reporting and disclosure controls and procedures; (iii) the qualifications, engagement, compensation, independence and performance of the registered public accounting firm that shall audit the annual financial statements of the Company (the “independent auditor”) and their conduct of the annual audit of the Company’s financial statements, and their engagement to provide any other services, and any other public accounting firm engaged to prepare or issue an audit report or to perform other audit, review or attest services for the Company; (iv) the Company’s internal audit function, (v) the Company’s legal and regulatory compliance; (vi) except as set forth herein, the application of the Company’s related person transaction policy as established by the Board; and (vii) the application of the Company’s Code of Business Conduct and Ethics and its Supplemental Code of Ethics for the CEO, CFO and other senior officers of the Company (the “Supplemental Ethics Code”). In connection with the foregoing, the Committee shall engage in such activities as are necessary or appropriate in order for it to render the annual report of the Committee required to be included in the Company’s annual report by the rules of the U.S. Securities and Exchange Commission (“SEC”). All references in this Charter to the Company are intended to refer also to any subsidiary of the Company and any “variable interest entity” whose results of operations are consolidated with those of the Company, except where the context otherwise requires.

In discharging its role, the Committee is empowered to inquire into any matter it considers appropriate to carry out its responsibilities, with access to all books, records, facilities and personnel of the Company, and, subject to the direction of the Board, the Committee is authorized and delegated the authority to act on behalf of the Board with respect to any matter necessary or appropriate to the accomplishment of its purposes. In addition to retaining on behalf of the Company the Company’s independent auditor and any other accounting firm the retention of which is to prepare or issue any other audit report or to perform any other audit, review, or attest services the Committee determines is necessary or appropriate in connection with the conduct of the Company’s business and affairs, the Committee is empowered to retain legal counsel and accounting and other advisors and consultants to assist it in carrying out its activities. The Committee shall have the authority to direct and oversee the activities of, and to terminate the engagement of, the Company’s independent auditor and any other accounting firm retained by the Committee to prepare or issue any other audit report or to perform any other audit, review or attest

services and any legal counsel, accounting or other advisor or consultant hired to assist the Committee, all of whom shall be accountable to the Committee. The Company shall provide adequate resources to support the Committee's activities, including compensation of the Company's independent auditor and any other auditor and any legal counsel, accounting or other advisor or consultant retained by the Committee.

## **II. Committee Membership**

The Committee shall consist of three or more members of the Board, each of whom the Board shall determine to be "independent" in accordance with applicable listing standards of the New York Stock Exchange ("NYSE"), and the rules of the SEC. All members of the Committee shall meet the financial literacy requirements of the NYSE. In addition, at least one member shall be an "audit committee financial expert" as such term is defined under applicable SEC rules. No member of the Committee may serve on the audit committee of more than three public companies, including the Company, unless the Board has determined that such simultaneous service would not impair the ability of such member to effectively serve on the Committee.

Except as otherwise directed by the Board, a director selected as a Committee member shall continue to be a member for as long as he or she remains a director or until his or her earlier death, incapacity, resignation or removal from the Committee. Any member may be removed from the Committee by the Board, with or without cause, at any time. The Chair of the Committee shall be appointed from among the Committee members by, and serve at the pleasure of, the Board. The Chair shall preside at meetings of the Committee and shall have authority to convene meetings, set agendas and determine the Committee's information needs, except as otherwise provided by action of the Committee. In the absence of the Chair at a duly convened meeting, the Committee shall select a temporary substitute from among its members to serve as chair of the meeting.

## **III. Committee Organization and Meetings**

The Committee shall meet on a regularly-scheduled basis at least four times per year and additionally as circumstances dictate, establish its own schedule of meetings and rules of procedure and maintain minutes or other records of Committee meetings and activities. In addition to meeting with senior financial management at least quarterly, the Committee shall meet separately with senior financial management (without the independent auditor present), with a member of the internal audit function (without any other member of management present) and with the independent auditor (without any member of management present) so as to enhance the opportunity for the identification and discussion of all issues warranting Committee attention. The Committee may act by unanimous written consent of its members. The Committee may form, and delegate any of its responsibilities to, a subcommittee so long as such subcommittee is solely comprised of one or more members of the Committee. Following each meeting, the Committee shall report to the Board at the next regularly scheduled meeting of the Board.

## **IV. Key Responsibilities**

The Committee's role is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the independent auditor is responsible for auditing the annual financial statements. The Board and Committee recognize that Company management, including the internal audit staff, and the independent auditor have more time, knowledge and detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any certification as to the work of any auditor.

The following duties, responsibilities and functions are set forth as a guide to fulfilling the Committee's purposes, with the understanding that the Committee may undertake other and different activities and that the Committee's activities may diverge from those described below, as appropriate under the circumstances.

In such manner as the Committee determines to fulfill its purposes, the Committee shall:

- receive reports periodically from the head of the internal audit function regarding the activities of the internal audit function, including the annual internal audit workplan, discuss with the independent

auditor the responsibilities, budget and staffing of the Company's internal audit function and review periodically the performance of the internal audit function;

- (i) review and discuss with management and the independent auditor any major financial risk exposures to the Company and assess the steps and processes management has implemented to monitor and control such exposures, (ii) assist the Board in fulfilling its oversight responsibilities regarding the Company's policies and guidelines with respect to risk assessment and risk management, including any significant non-financial risk exposures and (iii) review the Company's annual disclosures concerning the role of the Board in the risk oversight of the Company, such as how the Board administers its oversight function;

#### D. Oversee Financial Reporting

- review and discuss with management and the independent auditor: (i) the critical accounting policies and practices used by the Company, the accounting treatment to be applied in respect of significant new transactions or other significant events not in the ordinary course of the Company's business and any significant changes in management's selection or application of accounting principles; (ii) alternative accounting treatments within generally accepted accounting principles ("GAAP") for material items that have been discussed by the independent auditor with management, including the ramifications of the use of such treatments and the treatment preferred by the independent auditor and other material written communications between the independent auditor and management such as a schedule of differences; and (iii) the effect of new regulatory and accounting initiatives on the Company's financial statements;

Any matters relating to any proposed, ongoing or completed transaction contemplated by the Company's Related Persons Transaction Policy that are delegated to, or the responsibility of, the Special Committee of Continuing Directors or any other independent committee of the Board shall be, at the first meeting of the Committee following consideration by such other committee, presented to the Committee for its information (but not for its approval or ratification).

It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. It is the responsibility of management to prepare the financial statements and it is the responsibility of the Company's independent public accounting firm to conduct an audit of those financial statements.
